6. Institutional Policies

Submitting an Inquiry/Complaint to the Office of the President

When the Office of the President receives a formal letter of inquiry/complaint, the President will convene an Administrative Hearing Committee to consider the inquiry/complaint. The Committee will meet to discuss the written grievance and analyze all the facts submitted. A written notification of the decision should be sent to the student and the dean within 30 days from filing the inquiry. The office of the Dean will keep a record of all student complaints and documentation of how they were handled. The decision of the President is final.

Non-Academic Grievances.

Agora University takes all complaints very seriously. All grievances are treated with confidentiality, including those affiliated with bullying, physical harassment, illegitimate discrimination of race and religion, and any vilification made by students.

NOTE: These complaints may be formal or informal, where formal complaints are communicated in writing and an informal complaint is one considered to be unwritten.

Sexual Harassment

Sexual harassment may include, but is not limited to assaults, inappropriate touching, comments, a written communication; expressing sexual interest or requesting sexual favors; after being informed that the interest is unwelcome, requests for employment decisions, academic evaluation, grades or advancement, or other

decisions affecting participation in a University program (quid pro quo), or when such conduct creates a hostile working environment. When complaints address the matter of sexual harassment, the university will allocate 60 days to investigate the matter.

Registering a Complaint

Option One: The complainant may initially raise an informal complaint (unwritten) with the appropriate university official (regularly, the Registrar). Following receipt of the informal complaint, the issue will be reviewed by the Dean within three (3) business days and a response will be provided to the complainant within five (5) business days. Depending on the nature of the complaint, the Dean may choose to meet with the President to gain further information and resolution of the complaint raised. The Registrar will raise the complaint directly with the Dean if the complaint is perceived to be of an extreme, threatening, or criminal nature.

Option Two: In the event that the complainant is not satisfied with the outcome, he/she may submit a formal complaint in writing. As an alternative to the Option One informal complaint, the complainant may opt to go directly to the formal second stage. The formal written complaint must be received by the Registrar within 10 business days of the complainant receiving feedback. The formal complaint will be reviewed and addressed within three (3) business days and a response will be provided to the complainant within five (5) business days. If not satisfied with the decision of the Registrar, the complainant may submit the complaint in writing to the Dean within 10 business days of receipt of the formal complaint decision. The complaint will be addressed within 15 business days of receipt of the complaint, and a response will be given within 30 business days. Complaints should be resolved within 30 days of the initial date of response from the Dean.

Academic Progress Policy

Maintaining Satisfactory Progress

Since a GPA of 3.0 is required for graduation, you should aim for a grade of B or better in all of your classes. Most courses require you to log in to the website at least once or twice a week, either to participate in a forum or to submit a written assignment.

Incompletes

A student will be given an Incomplete grade when all the following conditions apply:

- whenever required course work is missing,
- when that missing work would result in the student receiving a lower final grade, and
- when the student has formally requested an extension.

In all other cases, a student should receive a grading letter with the outstanding work counted as “zero” or “fail”. If the extension is granted, according to arrangement with the instructor all incomplete work must be completed in consultation within three weeks after the final paper is due. Grade of “W” should be granted if the student has any health or personal crisis. Students cannot register for more courses if they have an incomplete.

Withdrawing from Courses

Courses may be dropped any time prior to the due date of the final examination or paper. These requests should be conveyed in writing to the Registrar and the instructor(s).

If a student drops a course before completing 40% of the course content, a grade of W will be assigned whether or not the student is passing.

A mark of F will be assigned if:

- 1) The student is failing at the time of withdrawal.
- 2) The student withdraws after 40% of the duration of the course has lapsed.

Agora University certifies that students who cancel after paying in full, but are not eligible for a refund, receive all materials, kits, and equipment, as applicable.

Course Re-Takes

We do not allow students to take an examination again. We do allow students to take a course again (if they pay the tuition again), and only the highest grade is then counted in the GPA.

Academic Leave of Absence

1. If health or other unforeseen circumstances make it impossible for you to continue your studies for six months or more, please contact the Registrar for a leave of absence. No charge will be added, and it will extend the duration of completing your degree. The granting of a leave of absence indicates a continuing relationship with the University and allows students to resume studies at a specific time without reapplying for admission to the University. A personal leave of absence does not exceed two semesters in length, a military service leave is for the duration of the assignment on active duty, and a study leave of absence two semesters for a master's program and cannot exceed four semesters for the doctoral program.

Types and Regulations of a Leave of Absence

1. Personal Leave: for students who plan to take leave for one or a maximum of two semesters for personal reasons (health, financial, work-related, etc.).
2. Military Service Leave: for students who are called to active duty with the Military. Students may leave for the duration of their military assignment in active duty.
3. Study Leave: for students who are planning to take specialized pre-approved courses at another accredited institution to supplement their studies or satisfy other academic requirements of Agora University. The duration of this leave of absence is determined and pre-approved by the Dean and cannot exceed two semesters for a master's program and cannot exceed four semesters for the doctoral program.

Academic Probation

A GPA of at least 3.0 is required for the degree. Students are not put on academic probation when their GPA falls below 3.0. A student placed on academic probation means that the student is warned with academic disqualification. A student who has not achieved both a term and cumulative grade point average of 3.0 (B) or higher at the close of a semester will be placed on academic probation. The student will be notified of this probationary status.

Academic Dismissal

A student becomes academically disqualified or dismissed and may not continue enrollment under any of the following conditions:

- A student fails six or more hours of coursework in any given year.
- A student on academic probation fails to achieve both a term and cumulative grade point average of 3.0 (B) or higher.

The student will be notified within one week of any dismissal. The Dean may waive academic dismissal if individual circumstances warrant such action.

Appeal of Dismissal

A student who becomes dismissed may appeal the dismissal by filing an appeal to the Registrar within two weeks of the date of notification of dismissal. After the appeal has been considered by the Dean, the Registrar will notify the student of the decision. Once this decision has been made, no further appeal is allowed.

Dismissed students are not eligible for readmission until at least three semesters have elapsed. If readmitted, the student will be on academic probation and will be expected to satisfy the requirements for removal.

Lack of Communication Policy

In the case where students who have exhausted their academic leave and failed to be in contact with the university's registrar regarding the status, such students shall be expelled from the program.

Graduation Policy

Students must have a minimum cumulative GPA of 3.0 in order to graduate. In addition, students must pass all required courses to earn credit toward graduation. A grade of "F" carries zero credit and does not contribute to graduation requirements. A student cannot graduate if there are any outstanding obligations to the University, such as tuition fees. For graduate students, they are considered graduates once their thesis has been completed, and a diploma will be sent to them. For undergraduate students, they must meet the requirements for 120 credit hours including general education credits and relevant program core courses.
